

# Add marketing consent tracking to a registration form

---

You can collect marketing consent from event and portal registrants and provide links to privacy policies, terms of service, and more on the registration form. Event and portal reports let you easily identify those who provided consent and ensure you communicate only with those who opted in.

Registrants can unsubscribe from emails at any time by clicking **Unsubscribe** at the bottom of the email.

1. Sign in to the Webcast Admin portal and edit the Live event or portal.
